DETAILED ACTION

Response to Arguments

1. The objections to claims 127, 128 and 130-133 has not been addressed in the response filed 09/20/05.

Claim Objections

2. Claims 127, 128 and 130-133 are objected to because of the following informalities.

Appropriate correction is required.

Claims 127, 128 and 130-133 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 1, 5-7, 9, and 13, respectively. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Allowable Subject Matter

3. Claims 1-22, 63, 64, 66-74 are allowed. Claims 127, 128 and 130-133 are objected to but would be allowable if rewritten to overcome the above mentioned informalities. The following is a statement of reasons for the indication of allowable subject matter.

Regarding claim 1, the prior art fails to disclose that the mirror plate is attached to a hinge that is supported by a post of the plurality of posts on the substrate, and wherein the mirror plate

and hinge are separated by a gap in a direction perpendicular to the mirror plate when the mirror plate is parallel to the substrate.

Regarding claims 63, the prior art fails to disclose that each side of the mirror plate is at an angle of from 5 to 25 degrees to the two predominant sides of the rectangular substrate.

Conclusion

4. This application is in condition for allowance except for the formal matters described above.

Prosecution on the merits is closed in accordance with the practice under Ex parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
